One other technique is to test out prices by creating a variety of duplicate gross sales pages with different costs on each page. Ensure that your sales copy is exactly the identical on every web page, and includes your selling-handle sentence. Then determine for each page the conversion ratio between visitors to your web site and gross sales of your book. It will inform you what your optimum price is.

In the end, in the event you've written a book that solves a downside or presents a new technique, your guide will usher in both traffic and profits.
