But the truth that unites ebooks and print books is that they're composed of ideas. It is the ideas in these books that have the ability to vary, or possibly remodel, individuals's lives.

Decide if your objective is to get broad distribution and most exposure. This purpose is geared toward drawing prospects to your corporation or service, or to establishing the credibility of your reputation. If that is your foremost objective, you should goal to maintain your value on the low side. Some authors have even priced their ebooks at a revenue loss to draw a excessive number of new customers. The bottom line is to discover a price that maximizes your profits and the number of books you sell.

Simply be ready to your competition to undercut you on value as soon as they hear about your book.

Keep in mind that the above pricing strategy is temporary. Ultimately, you'll stop to sell books at this high price. So determine in advance how lengthy you plan to offer your book at this excessive price, and when that time is up, change your pricing strategy.

If you wish to see large earnings over buyer draw, aim for an audience that's looking for straightforward solutions to their issues at a low price. In case your e-book is aimed at solving one specific drawback quite than basic recommendation, then you can charge more. Start at the highest price the market will bear to herald the largest earnings, and plan to low cost the e book a variety of instances throughout the year.

Advertising and marketing Strategies

An efficient approach for determining a worth is to send out a survey to your present customers. If these prospects have already purchased an e-book from you, ask for his or her opinion by way of price. Do this by making a sales page for the brand new book, however do not include a worth on that page. As a substitute, add plenty of links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

Another technique is to test out costs by creating a number of duplicate sales pages with completely different prices on each page. Make certain your gross sales copy is exactly the identical on each

page, and includes your selling-handle sentence. Then figure out for each page the conversion ratio between visitors to your site and gross sales of your book. It will let you know what your optimum price is.
