One other technique is to test out costs by making a variety of duplicate gross sales pages with different costs on every page. Make certain your sales copy is precisely the same on every web page, and contains your selling-handle sentence. Then determine for each page the conversion ratio between guests to your web site and gross sales of your book. It will let you know what your optimum price is.

Finally, if you happen to've written a ebook that solves a problem or presents a brand new approach, your e book will usher in both traffic and profits.
