Apart from promoting your books assiduously online, there are several different methods that may help you promote extra books.

One is to present one thing away totally free together with your e-book, akin to a worthwhile bonus item. Or bundle a number of ebooks underneath one worth, which lowers the worth for each e book if they have been sold separately.

An efficient technique for figuring out a value is to ship out a survey to your present customers. If these customers have already bought an e-book from you, ask for his or her opinion in terms of

price. Do that by creating a gross sales web page for the new ebook, however don't include a value on that page. Instead, add a variety of hyperlinks to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

One other strategy is to test out prices by making a number of duplicate gross sales pages with different costs on each page. Ensure your sales copy is exactly the similar on every page, and contains your promoting-deal with sentence. Then determine for every web page the conversion ratio between visitors to your site and gross sales of your book. This may let you know what your optimum price is.

Ultimately, if you've written a guide that solves a downside or presents a new technique, your book will herald both visitors and profits. So you'll want to write that selling-handle sentence that sums up what downside your ebook solves and what the benefits of your 1235 ebook can be to the purchasers who purchase it. And then watch your market come to you!
