An effective technique for figuring out a worth is to ship out a survey to your current customers. If these prospects have already purchased an e-book from you, ask for his or her opinion in terms of

price. Do that by creating a sales web page for the brand new ebook, but don't embody a value on that page. Instead, add quite a few links to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

Another technique is to test out prices by creating a variety of duplicate sales pages with different prices on every page. Ensure your gross sales copy is strictly the identical on each web page, and includes your promoting-deal with sentence. Then figure out for each page the conversion ratio between guests to your website and sales of your book. This may tell you what your optimum value is.

Finally, when you've written a guide that solves a problem or presents a new method, your book will usher in both traffic and profits. So remember to write that selling-handle sentence that sums up what drawback your e-book solves and what the advantages of your 1452 e-book can be to the purchasers who buy it.
