An effective technique for figuring out a price is to send out a survey to your current customers. If these prospects have already bought an e book from you, ask for their opinion in terms of price.

Do that by creating a gross sales web page for the brand new book, but do not embody a value on that page. Instead, add quite a few hyperlinks to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

Another strategy is to check out costs by creating a number of duplicate gross sales pages with different prices on every page. Be certain that your gross sales copy is exactly the identical on each page, and consists of your promoting-deal with sentence. Then determine for every web page the conversion ratio between visitors to your web site and sales of your book. This will let you know what your optimum worth is.

In the end, if you've written a guide that solves a problem or presents a brand new method, your book will bring in both site visitors and profits.
