An efficient approach for determining a price is to ship out a survey to your present customers. If these clients have already bought an e book from you, ask for their opinion when it comes to price. Do that by making a gross sales page for the new ebook, however do not include a price on that page. As a substitute, add various hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other strategy is to check out prices by making a number of duplicate sales pages with completely different costs on each page. Make certain your gross sales copy is strictly the similar

on every page, and contains your promoting-deal with sentence. Then figure out for every web page the conversion ratio between visitors to your web site and gross sales of your book. It will tell you what your optimum worth is.

In the end, for those who've written a book that solves a downside or presents a new technique, your e book will usher in both site visitors and profits. So remember to write that promoting-deal with sentence that sums up what drawback your book solves and what the advantages of your 1484 ebook can be to the customers who buy it.
