Then make sure you use that sentence in each piece of gross sales and promotional materials, and every time anyone asks you about your ebook.

Apart from selling your books assiduously on-line, there are a number of other methods that may help you promote extra books.

One is to offer something away without spending a dime with your e book, reminiscent of a useful bonus item. Or bundle a number of ebooks beneath one value, which lowers the value for every e book in the event that they had been sold separately.

An efficient approach for figuring out a price is to send out a survey to your current customers. If these prospects have already bought an e-book from you, ask for his or her opinion when it comes to price. Do that by creating a gross sales web page for the new e book, however don't embody a price on that page. As a substitute, add a variety of hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

Another technique is to test out prices by creating a number of duplicate gross sales pages with completely different costs on every page. Make sure that your gross sales copy is exactly the identical on every web page, and consists of your promoting-handle sentence. Then determine for every web page the conversion ratio between guests to your site and gross sales of your book. This will let you know what your optimum value is.

In the end, if you happen to've written a guide that solves a drawback or presents a new approach,

your e-book will bring in both traffic and profits. So you'll want to write that selling-deal with sentence that sums up what problem your e-book solves and what the advantages of your 1522 ebook will probably be to the shoppers who buy it. And then watch your market come to you!
