Do this by making a gross sales web page for the new e-book, but don't include a price on that page. One other strategy is to check out prices by creating a number of duplicate sales pages with completely different costs on every page. Ensure your sales copy is precisely the similar on each

page, and includes your selling-handle sentence. Then determine for every web page the conversion ratio between guests to your website and gross sales of your book. This will inform you what your optimum price is.
