One other technique is to check out prices by making a number of duplicate sales pages with different prices on every page. Make sure that your gross sales copy is exactly the similar on each

page, and consists of your promoting-handle sentence. Then work out for every page the conversion ratio between visitors to your site and sales of your book. This can tell you what your optimum worth is.

Finally, when you've written a guide that solves a problem or presents a new method, your e book will bring in both site visitors and profits.
