An efficient approach for figuring out a price is to ship out a survey to your current customers. If these prospects have already purchased an e-book from you, ask for their opinion when it comes to price. Do that by creating a gross sales page for the brand new e book, but don't include a price on that page. Another strategy is to test out costs by making a variety of duplicate sales pages with totally different costs on each page. Make sure that your sales copy is exactly the same on each web page, and includes your selling-deal with sentence. Then figure out for each page the conversion ratio between guests to your web site and gross sales of your book. This can tell you what your optimum price is.
