One other technique is to check out costs by creating a number of duplicate gross sales pages with completely different costs on every page. Make sure your sales copy is exactly the similar on every

page, and contains your selling-handle sentence. Then figure out for every web page the conversion ratio between guests to your site and gross sales of your book. This can tell you what your optimum worth is.

Ultimately, should you've written a e-book that solves a downside or presents a brand new technique, your guide will herald each visitors and profits.
