Moreover selling your books assiduously online, there are a number of different methods that may show you how to sell more books.

One is to provide something away at no cost along with your ebook, such as a priceless bonus item. Or bundle several ebooks under one worth, which lowers the worth for every ebook in the event that they were offered separately.

An effective method for figuring out a worth is to send out a survey to your present customers. If these clients have already purchased an e book from you, ask for his or her opinion when it comes to

price. Do this by making a sales web page for the new book, but do not include a worth on that page. As a substitute, add plenty of links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another technique is to test out prices by making a variety of duplicate sales pages with completely different prices on each page. Ensure that your sales copy is exactly the same on every page, and contains your promoting-handle sentence. Then work out for every web page the conversion ratio between visitors to your site and sales of your book. This will tell you what your optimum value is.

In the end, when you've written a guide that solves a downside or presents a brand new method, your ebook will herald each traffic and profits. So make sure to write that selling-deal with sentence that sums up what drawback your e book solves and what the advantages of your 2004 e book shall be to the customers who purchase it.
