An efficient approach for determining a worth is to ship out a survey to your current customers. If these customers have already bought an e-book from you, ask for their opinion in terms of price. Do this by making a sales web page for the new ebook, but do not embody a price on that page. As a substitute, add plenty of hyperlinks to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

One other technique is to check out costs by making a number of duplicate sales pages with completely different prices on each page. Make sure that your sales copy is precisely the same on every web page, and includes your promoting-deal with sentence. Then figure out for each page the conversion ratio between visitors to your website and gross sales of your book. This will let you know what your optimum value is.

In the end, should you've written a guide that solves a problem or presents a new technique, your ebook will bring in each site visitors and profits.
