The key that unlocks the sales potential of your book is to find a single sentence that turns into your selling handle. This sentence states what question or downside your e-book answers and the advantages your e book can provide. Then remember to use that sentence in each piece of sales and

promotional material, and every time anyone asks you about your ebook.

An efficient approach for determining a price is to send out a survey to your current customers. If these prospects have already bought an ebook from you, ask for his or her opinion when it comes to price. Do that by creating a sales web page for the new book, but don't include a price on that page. As a substitute, add numerous hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

Another strategy is to test out prices by creating a number of duplicate gross sales pages with different costs on every page. Be certain your gross sales copy is strictly the similar on each web page, and includes your promoting-handle sentence. Then determine for every web page the conversion ratio between guests to your site and gross sales of your book. This can tell you what your optimum value is.

Finally, if you've written a e book that solves a downside or presents a brand new approach, your e-book will usher in each traffic and profits. So remember to write that promoting-deal with sentence that sums up what drawback your ebook solves and what the advantages of your 28 ebook might be to the purchasers who buy it.
