One other strategy is to test out prices by creating a number of duplicate gross sales pages with totally different costs on every page. Be sure that your gross sales copy is precisely the same on every web page, and contains your promoting-handle sentence. Then work out for each web page the conversion ratio between guests to your web site and sales of your book. It will let you know what your optimum price is.

Finally, for those who've written a guide that solves a problem or presents a new approach, your guide will bring in each site visitors and profits.
