One is to provide one thing away without cost with your book, such as a valuable bonus item. Or bundle several ebooks underneath one price, which lowers the worth for each book in the event that they were sold separately.

An efficient technique for determining a worth is to ship out a survey to your present customers. If these clients have already bought an e book from you, ask for their opinion when it comes to price. Do that by creating a sales page for the new guide, however do not include a value on that page. Instead, add a variety of hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

One other strategy is to check out prices by making a variety of duplicate gross sales pages with completely different costs on every page. Be certain your sales copy is strictly the similar on

every web page, and contains your promoting-handle sentence. Then determine for every web page the conversion ratio between guests to your website and gross sales of your book. This will inform you what your optimum price is.

Ultimately, if you happen to've written a e book that solves a drawback or presents a brand new technique, your guide will bring in both visitors and profits. So make sure you write that promoting-handle sentence that sums up what downside your guide solves and what the advantages of your 549 ebook will probably be to the purchasers who buy it.
