Then remember to use that sentence in each piece of sales and promotional materials, and each time anybody asks you about your ebook.

Besides promoting your books assiduously online, there are several other strategies that can help you promote extra books.

An effective method for determining a price is to ship out a survey to your current customers. If these clients have already bought an ebook from you, ask for his or her opinion in terms of price. Do this by making a gross sales web page for the brand new e-book, however do not embrace a price on that page. As a substitute, add quite a lot of links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other strategy is to test out costs by making a variety of duplicate sales pages with different costs on each page. Be certain that your gross sales copy is exactly the identical on every page,

and contains your promoting-handle sentence. Then figure out for each page the conversion ratio between guests to your website and sales of your book. It will inform you what your optimum price is.

Finally, for those who've written a ebook that solves a drawback or presents a brand new method, your e-book will bring in both visitors and profits. So make sure you write that selling-deal with sentence that sums up what downside your guide solves and what the benefits of your 614 e book will likely be to the shoppers who purchase it. After which watch your market come to you!
