One other technique is to test out prices by making a variety of duplicate gross sales pages with totally different costs on each page. Be sure your gross sales copy is strictly the same on each web

page, and consists of your selling-handle sentence. Then work out for every web page the conversion ratio between visitors to your site and gross sales of your book. It will inform you what your optimum value is.

Finally, if you've written a e-book that solves a drawback or presents a brand new method, your guide will herald both site visitors and profits.
