An efficient method for determining a value is to ship out a survey to your present customers. If these prospects have already purchased an book from you, ask for his or her opinion when it comes to price. Do this by creating a gross sales web page for the brand new ebook, but do not embody a value on that page. Another technique is to test out prices by making a number of duplicate sales pages with totally different costs on every page. Make certain your gross sales copy is exactly the identical on each

web page, and includes your promoting-handle sentence. Then determine for every page the conversion ratio between visitors to your web site and gross sales of your book. This will tell you what your optimum value is.
