Do this by making a sales web page for the new guide, but don't embody a value on that page. As an alternative, add quite a lot of links to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

One other strategy is to check out costs by making a variety of duplicate gross sales pages with totally different costs on each page. Be sure that your gross sales copy is precisely the identical

on every page, and contains your selling-handle sentence. Then figure out for every web page the conversion ratio between guests to your website and sales of your book. This may let you know what your optimum price is.

Finally, should you've written a e-book that solves a problem or presents a brand new approach, your book will bring in each site visitors and profits.
