The key that unlocks the sales potential of your book is to find a single sentence that becomes your selling handle. This sentence states what query or problem your book solutions and the advantages your book can provide. Then you'll want to use that sentence in each piece of sales and promotional materials, and each time anyone asks you about your ebook.

Besides selling your books assiduously on-line, there are a number of other methods that may allow you to sell extra books.

One is to give one thing away at no cost together with your ebook, similar to a invaluable bonus item. Or bundle several ebooks below one price, which lowers the value for each book in the event that they have been sold separately.

An effective method for determining a worth is to ship out a survey to your present customers. If these prospects have already purchased an e-book from you, ask for his or her opinion in terms of price. Do that by creating a gross sales page for the new e-book, but do not include a price on that page. Instead, add various links to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

Another technique is to test out prices by making a number of duplicate gross sales pages with completely different costs on every page. Be sure your sales copy is strictly the identical on each web page, and contains your promoting-handle sentence. Then work out for every web page the conversion ratio between guests to your site and sales of your book. This will tell you what your optimum price is.

Finally, when you've written a book that solves a drawback or presents a new technique, your e book

will usher in both traffic and profits. So you should definitely write that promoting-deal with sentence that sums up what problem your e book solves and what the advantages of your 845 book might be to the shoppers who buy it. And then watch your market come to you!
