One other technique is to check out prices by making a variety of duplicate sales pages with different prices on every page. Make certain your gross sales copy is strictly the similar on each web page, and consists of your selling-handle sentence. Then determine for every page the conversion ratio between guests to your website and gross sales of your book. This will tell you what your optimum worth is.

Finally, if you've written a ebook that solves a problem or presents a brand new approach, your e-book will bring in each visitors and profits.
