Do this by creating a sales page for the new ebook, but don't embody a worth on that page. One other technique is to check out costs by making a variety of duplicate gross sales pages with totally different costs on each page. Ensure that your gross sales copy is exactly the identical on each web page, and consists of your promoting-deal with sentence. Then figure out for each web page the conversion ratio between visitors to your website and sales of your book. This can let you know what your optimum price is.

In the end, if you've written a book that solves a downside or presents a new method, your guide
