There are all totally different formulas and methods for determining the right value to your ebook. Let's start with honing in on your ultimate goals.

Decide if your aim is to get huge distribution and maximum exposure. This goal is aimed toward drawing customers to your business or service, or to establishing the credibility of your reputation. If that is your most important objective, you should intention to keep your price on the low side. Some authors have even priced their ebooks at a profit loss to attract a high variety of new customers. The key is to find a worth that maximizes your earnings and the variety of books you sell.

This is a wonderful pricing technique if you're looking to acquire long-time period customers. Lengthy-term clients are extraordinarily possible to purchase from you again and again ? as long as the primary ebook they buy is of exceptional high quality and useful to the customer.

Nonetheless, if your guide incorporates valuable ? and more importantly NEW info, references, or techniques ? then you need to goal to cost it on the high end.

After you determine your aim, you need to work out what your viewers's want is on your ebook. For instance, does your book clear up a particular drawback? If it does, and solves it in a manner that hasn't been written about in 100 other ebooks, you can be able to obtain excessive gross sales at a

excessive price. If your guide solves an issue or answers questions in a new and unique manner, you should price your ebook as high as you may go. If you want to see giant earnings over customer draw, intention for an audience that is searching for straightforward options to their problems at a low price. In case your guide is geared toward solving one particular drawback slightly than normal advice, then you can cost more. Begin on the highest price the market will bear to usher in the largest earnings, and plan to discount the guide a variety of occasions throughout the year.

## Marketing Methods

The key that unlocks the sales potential of your e-book is to discover a single sentence that becomes your promoting handle. This sentence states what query or downside your book answers and the benefits your e book can provide. Then be sure you use that sentence in each piece of sales and

promotional material, and every time anybody asks you about your ebook.

Besides selling your books assiduously on-line, there are several different methods that may help you promote more books.

One is to offer one thing away at no cost along with your guide, corresponding to a beneficial bonus item. Or bundle several ebooks below one value, which lowers the worth for every book in the event that they have been offered separately.

An effective approach for determining a price is to ship out a survey to your present customers. If these clients have already bought an book from you, ask for their opinion when it comes to price. Do that by making a sales page for the brand new e-book, but don't embrace a value on that page. As an alternative, add various hyperlinks to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

One other strategy is to check out costs by creating a number of duplicate sales pages with different prices on every page. Be certain that your sales copy is exactly the identical on every page, and includes your promoting-handle sentence. Then determine for each page the conversion ratio between visitors to your site and gross sales of your book. This may inform you what your optimum worth is.

Finally, if you happen to've written a e book that solves a downside or presents a brand new approach, your book will usher in each traffic and profits. So be sure you write that selling-handle sentence that sums up what problem your book solves and what the advantages of your *Us Constitution Test Study Guide* guide will probably be to the customers who purchase it.
